

New Stodal® Cold & Cough

One solution covering Multi-symptom

Saint-Bruno-de-Montarville, December 21st, 2015 – As winter season is fast approaching, Boiron Canada is proud to announce the launch of its **Stodal® Cold & Cough** syrup, new homeopathic medicine with a multi-formula, recommended to relieve cold symptoms such as nasal congestion, runny nose, sneezing; minor sore throat, dry or productive cough or chest congestion.

You already know Stodal Honey and Stodal Sugar-Free for dry and wet cough or Coryzalia for cold symptoms. Now, Boiron offers a new Stodal Cold and Cough syrup to meet consumers' growing demands.

Dosage - Stodal Cold & Cough

Adults and children 12 years of age and older: Take 15 mL orally using the pre-measured cup provided, 3 times per day.

Children from 1 to 11 years of age: Take 5 mL orally using the pre-measured cup provided, 3 to 5 times per day.

Reduce with improvement. Do not administer to children weighing less than 8 kg.

Stodal® Cold & Cough syrup is a homeopathic medicine available at pharmacies and health food stores.

Average retail price for the 200 mL bottle is \$12.90.

About Boiron Canada

For more than 80 years, Boiron, a French pharmaceutical company, has been inviting health care practitioners to discover homeopathy and incorporate it into their daily practice. Today, there are 3,700 people on the Boiron team that extends through five production facilities, subsidiaries in 18 countries, and distribution in 59 countries.

Boiron Canada is proud to provide Canadian families with simple and effective health solutions for more than 25 years.
