POSITION STATEMENT – CORONAVIRUS 2019-nCoV

February 26, 2020 – Regarding Novel Coronavirus 2019, Boiron Canada would like to make clear the following points:

- It is certain that no Boiron homeopathic medicine is specific for the **prevention** or **symptomatic treatment** of the Coronavirus 2019-nCoV.
- It is certain that anyone believing they are infected with this virus should, **without any delay, consult a physician or contact their provincial health authorities**, in accordance with public health guidelines.

Boiron Canada supports the recommendations of Health Canada - more information may be found at <https://www.canada.ca/en/public-health/services/diseases/coronavirus.html>
